

Municipal Electronic Recordkeeping

Instruction by Bruce Miller IGP, MBA

Duration
8 hours (1 day)

MERV

RIMtech Private Online Courses are delivered on-demand to a single organization, with up to 10 participating employees. Content is focused/tailored to your organization, and your particular requirements/interests.

What's so different about Municipal recordkeeping? The sheer diversity and volume of activities, the vast number of assets, and the management of real property. Designed for RIM Professionals, this course is a deep treatment of electronic recordkeeping issues unique to municipalities. After a high-level introduction to EDRMS (Electronic Records/Document Management Systems), you'll learn how a retention schedule is adapted to a municipality, how to handle capital projects in the retention schedule, common versus shared activities, and the retention treatment of real property. This course is designed and delivered by **Bruce Miller**, author, independent consultant, and leading expert in electronic recordkeeping, and author of "*Managing Records in SharePoint*". Bruce has designed retention schedules and EDRMS implementation projects for both US and Canadian municipalities and will share his real-world experience throughout this course. Following course completion you'll receive a model municipal retention schedule you can use to adapt to your particular municipality.

Learning Objectives

Upon completion of this workshop, participants will be able to:

- Understand how to manage Tangible Capital Assets as records
- Learn the fundamentals of electronic recordkeeping
- Define shared versus common activities
- Deal with high Volumes of activities and assets
- Manage real property records appropriately
- Learn the fundamentals of EDRMS solutions
- Examine a modern software-ready retention schedule for municipalities

Who Will Benefit

Records/Information Management professionals, IT managers and specialists, project managers, compliance officials, and senior management.

Takeaway Tools

Participants are supplied with all course materials,, a terminology dictionary, and a sample municipal retention schedule.

Testimonials

"I loved the performance measure aspect, and 20 suggested decisions. This was worth the cost of the course alone."

"I really liked the presenter. He engaged the attendees and asked thought-provoking questions that generated some lively conversations."

"This was one of the most engaging and informative seminars I can remember attending. I got a lot of great takeaways and can enthusiastically tell my employer that this was a productive use of my time and training dollars."

"Thank you! This course hit the nail on the head – it touched on many of the issues that I see in the workplace and provided me with the guidance and affirmation that will help me to manage these issues. Awesome seminar!"

Instructor

Bruce Miller, MBA, IGP is a world leading expert on electronic recordkeeping. He is an independent consultant, an author, and an educator. Widely regarded as the inventor of modern electronic recordkeeping software, he pioneered the world's first commercial electronic recordkeeping software in 1989. In 1997 he achieved the world's first e-Records software certification against the US DoD 5015.2-STD standard, and has since presided over several successful software certifications. In 1999 he developed the world's first e-Records software **engine** for business software. That year he received ARMA Canada's National Capital Region's **Ted Ferrier Award of Excellence** for his contribution to the field of records management. Bruce's software was the first technology in the world to be certified against the revised 5015.2 June 2002 standard. In 2002 his company was acquired by IBM, where he served for three years as IBM's global e-Records Strategy and Business Development Executive. At IBM he was honored as a *Technical Leader*, one of only 439 out of 360,000 IBM employees. Mr. Miller is the recipient of the prestigious 2003 **Emmett Leahy Award**, considered the highest international recognition given to professionals in the field of information and records management. His book "*Managing Records in Microsoft SharePoint 2010*" was an ARMA best seller, and the second edition was released in October 2015. Bruce holds a Diploma in Electronics Engineering Technology, a Masters in Business Administration from Queen's University, and is a certified Information Governance Professional.

Course Topics

Topic	Description
EDRMS 101	A high-level overview of a modern EDRMS system, and the technologies involved
The Retention Schedule	How the retention schedule must be structured for modern electronic recordkeeping
Assets	How the records for linear and non-linear assets are properly managed in a municipal setting
Capital Projects	Dealing with large-scale projects involving many different assets
Common vs Shared Activities	Learn how to handle record-generating activities where many different business units cooperate, and where each business unit operates independently of the others.
Real Property	The unique retention schedule challenges of real property.
Model Municipal Retention Schedule	Walk through a real-life, state of the art municipal retention schedule to learn the characteristics unique to municipalities.

Technology Requirements

1. Reliable, stable high-speed Internet connection
2. Computer/laptop with a hands-free microphone (headset, or built-in)
3. Zoom App available at <https://zoom.us/download> (downloads automatically upon first meeting sign-in)
4. Camera optional but recommended
5. Printer to print out course exercise materials (highly recommended)

Terms and Conditions

This is a summary only. See <https://www.rimtechconsulting.com/terms-conditions> for our detailed Terms and Conditions.

1. **Equipment Requirements.** Each participant is responsible for the technology requirements above in order to participate successfully in any RIMtech online class or event.
2. **Class Materials.** Participants will receive all class materials in electronic form. Materials will be posted to a restricted page of RIMtech's website for that particular class.
3. **No-Shows.** If a participant fails to attend a class, RIMtech will make the class materials available for that participant.
4. **Payment.** Payment, or a Purchase Order, must be received by the class date. All invoices are due within 30 days.
5. **Participant Contact.** We require the name, email addresses, and telephone number of each participant prior to the start of each class.
6. **Participant Substitution.** A participant may be substituted at any time, by contacting natalie@rimtechconsulting.com.
7. **Class Size Reduction.** Participant cancellations may result in a reduction in class size to a lower price level (e.g. from max 6 to max 3). In this case the difference in price between the original and the new class size will be refunded.
8. **Buyer Cancellation.** To cancel, you must notify us 10 days prior to the class date. The class fee will be refunded less a 10% administrative fee. Any cancellation received later than 10 days prior to class start date shall be liable for the full class fee.
9. **RIMtech Cancellation.** RIMtech reserves the right to cancel any class for any reason and will, in such an event, refund the full class cost. RIMtech will make every effort to notify registrants as soon as possible of any such cancellation.
10. **Buyer Postponement.** RIMtech will work with registrants to find a mutually acceptable reschedule date. If such a date is not acceptable to the buyer, a full refund will be issued less a 10% administrative fee.
11. **RIMtech Postponement.** RIMtech reserves the right to postpone/reschedule any class for any reason and will, in such an event, work with registrants to find a mutually acceptable reschedule date. If such a date is not acceptable to the registrants, a full refund will be issued. RIMtech will make every effort to notify registrants as soon as possible of any such cancellation.
12. **Liability.** RIMtech assumes no liability for changes in course dates or content.
13. **Currency.** All fees are in US dollars.
