

State of the Art Electronic Recordkeeping Techniques & Technology

Electronic Records Management for IT People

Instruction by Bruce Miller IGP, MBA

Duration
8 hours (1 day)

RM ITV

RIMtech Private Online Courses are delivered on-demand to a single organization, with up to 10 participating employees. Content is focused/tailored to your organization, and your particular requirements/interests.

Designed specifically for IT Professionals, this course is a comprehensive treatment of modern electronic recordkeeping concepts and techniques, and a high-level introduction to EDRMS (**E**lectronic **R**ecords/**D**ocument **M**anagement **S**ystems). You'll learn new recordkeeping terminology and concepts, and you'll understand the role of recordkeeping in modern digital systems. With this course you'll learn the new language of electronic records, the retention schedule, the core concepts, the critical difference between case and administrative records, and how to automate recordkeeping processes to eliminate the need for end user participation. This course is designed and delivered by **Bruce Miller**, author, independent consultant, and leading expert in electronic recordkeeping, and author of "*Managing Records in SharePoint*". This course will equip the IT professional with the skills to understand and work cooperatively with the RIM professional on their own terms, to achieve recordkeeping compliance in your organization.

Learning Objectives

Upon completion of this workshop, participants will be able to:

- Understand the core electronic recordkeeping concepts
- Understand the function and structure of a retention schedule
- Define and measure Key Performance Indicators
- Understand the critical difference between case and administrative records
- Understand how to use rules-based recordkeeping to eliminate end user participation
- Discover why and how email must be managed differently from all other forms of records

Who Will Benefit

IT professionals.

Takeaway Tools

Terminology dictionary, sample retention schedule, all course materials.

Testimonials

"I loved the performance measure aspect, and 20 suggested decisions. This was worth the cost of the course alone."

"I really liked the presenter. He engaged the attendees and asked thought-provoking questions that generated some lively conversations."

"This was one of the most engaging and informative seminars I can remember attending. I got a lot of great takeaways and can enthusiastically tell my employer that this was a productive use of my time and training dollars."

"Thank you! This course hit the nail on the head – it touched on many of the issues that I see in the workplace and provided me with the guidance and affirmation that will help me to manage these issues. Awesome seminar!"

Instructor

Bruce Miller, MBA, IGP is a world leading expert on electronic recordkeeping. He is an independent consultant, an author, and an educator. Widely regarded as the inventor of modern electronic recordkeeping software, he pioneered the world's first commercial electronic recordkeeping software in 1989. In 1997 he achieved the world's first e-Records software certification against the US DoD 5015.2-STD standard, and has since presided over several successful software certifications. In 1999 he developed the world's first e-Records software **engine** for business software. That year he received ARMA Canada's National Capital Region's **Ted Ferrier Award of Excellence** for his contribution to the field of records management. Bruce's software was the first technology in the world to be certified against the revised 5015.2 June 2002 standard. In 2002 his company was acquired by IBM, where he served for three years as IBM's global e-Records Strategy and Business Development Executive. At IBM he was honored as a *Technical Leader*, one of only 439 out of 360,000 IBM employees. Mr. Miller is the recipient of the prestigious 2003 **Emmett Leahy Award**, considered the highest international recognition given to professionals in the field of information and records management. His book "*Managing Records in Microsoft SharePoint 2010*" was an ARMA best seller, and the second edition was released in October 2015. Bruce holds a Diploma in Electronics Engineering Technology, a Masters in Business Administration from Queen's University, and is a certified Information Governance Professional.

Course Topics

Topic	Description
Essential Records Concepts	Learn the essential concepts of modern electronic recordkeeping.
EDRMS = ECM + RM	Understand how an EDRMS system is really an ECM (Enterprise Content Management) system with added recordkeeping capabilities. Understand the role of each, and their interaction.
The Retention Schedule	What is a retention schedule? Understand its structure and how to apply it to digital records.
Key Performance Indicators	Learn the 3 KPIs that determine the success (or failure) of any electronic recordkeeping system, how to measure them, and how often to measure them.
Case vs Admin Records	Understand the vital difference between case records and administrative records, and how retention behaviors are different for each.
Terminology	There are over 30 terms unique to electronic recordkeeping, some of which contradict traditional recordkeeping.
The EDRMS Pyramid	Understand the role of recordkeeping in an EDRMS project, and how it shapes system architecture.
Rules-Based Recordkeeping	Learn how to automate records declaration and retention via rules, removing the need for user participation in recordkeeping processes.
Email Records	Discover how email is unique from other electronic records, and how email requires special handling.

Advantages of RIMtech Online Private Courses

- ✓ Content focused/tailored to your organization only, and your particular requirements/interests
- ✓ 100% vendor neutral content. No ties to products or services providers.
- ✓ Instruction by **Bruce Miller**. Learn from, and interact with, the top expert in electronic recordkeeping.
- ✓ Live instruction – not pre-recorded.
- ✓ Real-world examples and experience from actual projects.
- ✓ The very latest in technology, techniques, and methods.
- ✓ Engaging, dynamic, interactive instruction. Exercises to facilitate learning.
- ✓ You get to keep materials and tools following completion.
- ✓ CRM/IGP credits for most courses.
- ✓ Official Completion Certificate.

Technology Requirements

1. Reliable, stable high-speed Internet connection
2. Computer/laptop with a hands-free microphone (headset, or built-in)
3. Zoom App available at <https://zoom.us/download> (downloads automatically upon first meeting sign-in)
4. Camera optional but recommended
5. Printer to print out course exercise materials (highly recommended)

Terms and Conditions

This is a summary only. See <https://www.rimtechconsulting.com/terms-conditions> for our detailed Terms and Conditions.

1. **Equipment Requirements.** Each participant is responsible for the technology requirements above in order to participate successfully in any RIMtech online class or event.
2. **Class Materials.** Participants will receive all class materials in electronic form. Materials will be posted to a restricted page of RIMtech's website for that particular class.
3. **No-Shows.** If a participant fails to attend a class, RIMtech will make the class materials available for that participant.
4. **Payment.** Payment, or a Purchase Order, must be received by the class date. All invoices are due within 30 days.
5. **Participant Contact.** We require the name, email addresses, and telephone number of each participant prior to the start of each class.
6. **Participant Substitution.** A participant may be substituted at any time, by contacting natalie@rimtechconsulting.com.
7. **Class Size Reduction.** Participant cancellations may result in a reduction in class size to a lower price level (e.g. from max 6 to max 3). In this case the difference in price between the original and the new class size will be refunded.
8. **Buyer Cancellation.** To cancel, you must notify us 10 days prior to the class date. The class fee will be refunded less a 10% administrative fee. Any cancellation received later than 10 days prior to class start date shall be liable for the full class fee.
9. **RIMtech Cancellation.** RIMtech reserves the right to cancel any class for any reason and will, in such an event, refund the full class cost. RIMtech will make every effort to notify registrants as soon as possible of any such cancellation.
10. **Buyer Postponement.** RIMtech will work with registrants to find a mutually acceptable reschedule date. If such a date is not acceptable to the buyer, a full refund will be issued less a 10% administrative fee.
11. **RIMtech Postponement.** RIMtech reserves the right to postpone/reschedule any class for any reason and will, in such an event, work with registrants to find a mutually acceptable reschedule date. If such a date is not acceptable to the registrants, a full refund will be issued. RIMtech will make every effort to notify registrants as soon as possible of any such cancellation.
12. **Liability.** RIMtech assumes no liability for changes in course dates or content.
13. **Currency.** All fees are in US dollars.
